SPECIAL MEMORIES:

A room where to use your phone or just relax

(pure fiction ;)

In our school we are not allowed to use our mobile phones because the teachers don't like that. They say it would disrupt their lessons. We think it would be a nice idea to have a chill room, where we could relax and use our phones during lunch break.

This is how we would set up our chill room:

- seating (sofas, bean bags, ...)
- a billiard table
- covers, pillows
- a star projector
- a mini fridge
- a snack vending machine

Because we were interested in what the other students think of it, we asked their opinion.

Nico

“It would be a nice idea, but I think there would be too many students in the room and it would be too loud and crowded.”

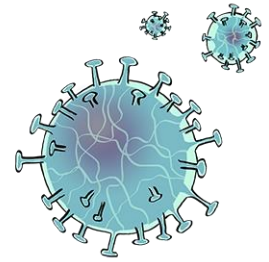

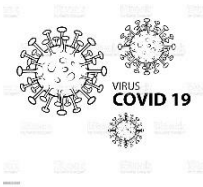

Jan

“It's not a good idea to have a chill room - it would be nicer to be allowed to use your phone in the classroom.”

Meri

“I think it would be a nice idea because you can chill a little bit.”

» Most of the students said more or less the same. «

OUR LIFE WITH CORONA:

A lot can happen in two years. On March 11, 2020, the World Health Organization declared COVID-19 a global pandemic. As the world stares down year three of a crisis that has affected so many lives and livelihoods, we're bringing you a look at how it has affected our lives, and what might come next.

Has Corona changed our lives?

It was a very hard time during the lockdown. We had distance learning and we were not allowed to meet friends. Every day in the morning, we had video communication with our teachers. It was not easy to concentrate and to get up so early.

We had to wear masks as soon as we left home. It was really exhausting and annoying. We are really happy that we don't have to wear them anymore.

Being ill was a big problem, because you had to stay at home for ten days. We were not allowed to go out. It was really hard for students if you were ill during school, because you missed many lessons.

School activities were also cancelled because of Corona.

Finally, we got a vaccination. After the short, sharp shock of Omicron, the pandemic phase of COVID-19 seemed to be ending for most locations, unless a significant and severe new variant emerges. But numbers are going up again, and we might have to go back to wearing masks again.

Game Recommendations

with Tom

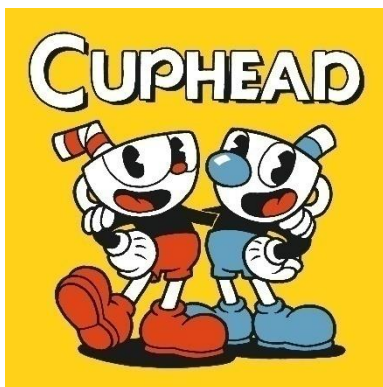

First of all, **Minecraft**. You have certainly heard about Minecraft. It may already be 12 years old, but it still gets updates regularly. You can either play survival mode where you have to work for your armour and tools. You fight evil monsters during the nighttime, you can explore the gigantic map and even two dimensions, the “**Nether**” and “**End**”.

Then there´s the creative mode where you have everything already unlocked. You can also fly and you cannot die.

You can buy the game for 30 € [here](#).

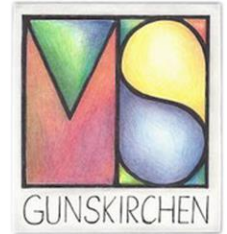

Then there is **Cuphead**. Cuphead may look like a fun and easy game due to its friendly and cartoony nature, but it is not. Well, it is fun, but also very hard.

You play as either Mugman or Cuphead and have to beat up a few bosses to pay off your casino debt. You can even play in coop up to two players. You can play this game on Nintendo Switch, PlayStation 4/5, Xbox series x and on your PC.

New teachers' impressions

Nenadic Gloria

"I was positively surprised. All the teachers are very helpful and friendly. I am happy to get some experience in teaching, and I like my job."

Knauer Jennifer

"I really like the atmosphere and there are a lot of different teachers and students. The physics room is great and the equipment, too. I was very surprised. And I really like the vicinity* to my home."

Huber Verena

"The teachers are extremely friendly. The school is very nice and the equipment is good, so it's the perfect choice. And you have the second generation of Smartboards."

Hardegger Stefanie

"Team-teaching is perfect and the students are very nice. It was the first school that accepted me."

Androvic Walter

"The teachers and the students are friendly. The equipment and the Smartboards are really great."

Mayr Birgit

"The headmaster was looking for staff and my sister likes this school, so I applied for the job."

IT ENDS WITH US

NOVEL

by Colleen Hoover

Hello readers!

We have a new book for you for the month of July. It's called „It ends with us“. The book is a love story between Lily and Ryle, but their relationship is not the easiest. Will they be able to have a normal relationship?

It begins with two people who fall in love the moment they meet. Lily is struggling to break the cycle of abuse and to start a new life.

„It Ends With Us“ is a heartbreaking novel that will make you happy and sad at the same moment.

You can get the book at Thalia's.

WW II EXHIBITION "GEH-DENK-SPUREN"

May 10th - June 20th 2022

In 4th grade, we learned about the Second World War.

On May 10th an exhibition was opened at our school. It shows the life of people who actually were at Gunskirchen Lager. You were able to read about survivors' lives.

Some students of 4a and 4b read texts at the commemoration.

Diensthuber Nico

"It was very interesting to read about different facts about the Second World War."

Vujicic Annamaria

"It was interesting and I was glad that I went to the commemoration.

And I was really glad to speak to Daniel Chanoch, one of the survivors."

Kljajic Toni

"I was happy about the picture I could take with Daniel Chanoch. It was very emotional.

I will certainly go to the next commemoration in 2023."

Best movie of the early 20's

Marvel, Fast and Furious, DC or even Disney? There were many good movies in the early 20's of the 21st Century. But which one is actually the best? Of course you can't say what the best movie is, because everybody has their own opinion about films. We made a realistic survey for you.

Here's the result:

7 Dumb Ways to Die

1. A dumb way to die is when your nose hair grows so long you can't breathe.

2. A dumb way to die is to fall asleep while bathing and drown.

3. A dumb way to die is to forget to deploy while skydiving.

4. A dumb way to die is to fall into a shark tank.

5. A dumb way to die is to forget your jacket when you go to Antarctica and freeze to death.

6. A dumb way to die is to eat too much salt and overdose.

7. A dumb way to die is to jump out of a plane.

Experiences of the last four years

In the last 4 years we had a lot of fun. We watched some movies, we went to Vienna and we developed a real sense of community in our class!

Vienna:

The best place in Vienna was the Prater. It was great fun and it was really cool that we had a lot of time in there. (3h)

We didn't always have enough free time – for example we only had half an hour or an hour in the shopping center.

Schloss Schönbrunn was really interesting because you could see different architectural styles there. Some children rode a carriage, that was a lot of fun.

In the cinema we watched the movie
Doctor Strange in the Multiverse of Madness.

School trips in different grades

So we have been at this school for 4 years now and we have had three school trips.

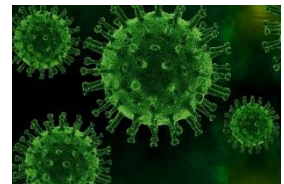

Do you like school trips? We do!

In our first grade, we went to Großraming for our „Kennenlerntage“. We went hiking and played games in the woods. We enjoyed these days and nearly nobody felt homesick.

In second grade, we went to Hinterstoder to do winter sports. We went skiing and a few of us went cross country skiing. The food was good and we enjoyed these days, too. The funniest moment was when we kept pulling away a classmate's blanket and he was so fed up that after a few minutes he got up and went to knock on our teacher's room, but she didn't open because she had already fallen asleep.

What a pity! In third grade we didn't have any school trips because of Covid-19. We were very sad because we had been looking forward to the sports week.

In fourth grade we went to Vienna for a 5-day-trip. We saw many great attractions and sometimes we had a guide. Vienna is a good place to visit because of the amazing sights. We liked the Prater best.

Jokes
